1. Address of Location or Subdivision: 727 Lagarde St.

2. Nature of Request: Describe generally the zoning change requested as well as a brief explanation..

I respectfully request consideration to allow our proposed group home to serve eight (8) children rather than the currently permitted six (6). Our goal is to provide a safe, stable, and nurturing environment for children who need support, guidance, and a place to call home. Increasing the capacity by two children would allow us to serve more youth in need. The home will maintain appropriate staffing, safety measures and living accommodations to ensure each child receives individualized attention and support. We are committed to be responsive.

I would please like to add the use to an R2 zone.

Thank you for your time and consideration, also your commitment to the well-being of the families we serve

I certify that the information contained in this application and its supplements is true and correct.
