New Orleans, LA  
Phone: 985-635-1411

**RE: (Canal Blvd 250 K-gallon EWST Interior rehabilitation)**

## **NACE QA/QC Inspection SCOPE OF WORK AND RATES**

### **Full Blast and coat interior of tank**

New World Technologies Inc. is pleased to submit the following quote:

NACE Certified Coatings inspector to monitor and perform hold point inspections for the **Canal Blvd water Storage tank located Thibodaux, LA**. This will be for a full rehabilitation to blast & paint interior of tank.

This daily rate of \$889.00 per 10-hour day rate (estimated at approximately **14** days or not to exceed without approval). Proposal will include (\$165.00/day) per diem, mileage (\$0.89/mile), report with detailed photos and mobilization/demobilization.

Additional time may be needed to complete all hold point inspections established due to contractors' poor-quality control and workmanship needing to comply with project specifications which will require change order approved by client. Contractor's quality control reports will be audited, especially when inspectors will not be onsite. New World Technologies Inc. is pleased to submit the following quote: A lump sum total rate of **17,845.50**. This rate shall include all necessary insurances required to complete this scope of work. In addition, detailed daily inspections report with pictures, all standard safety and testing equipment (POSITECTOR 6000, ELCOMETER 456, 319, 224, TESTEX Tape and Psychrometer). This quote is for the above-named Project (**250K gallon EWST Canal Blvd. Thibodaux, LA**). All other subsequent projects are subject to change due to Scope of Work and Coatings involved. Please be advised all invoices are due in 30 days upon receipt.
