Mr. Mike Naquin

Mr. Chad Mire

Dear Council Members and Citizens of the City:

In accordance with the City of Thibodaux Home Rule Charter, adopted November 9, 2001 and amended October 22, 2011, we hereby present the proposed budget for the City of Thibodaux at the first regular meeting of the Council in November, preceding the start of the next fiscal year, January 1, 2026.

Per Article VI, Finance, Section 1-B of the Charter, the budget document includes:

- 1. A Budget Message;
- 2. A Budget Summary showing the relationship between total anticipated revenues and total proposed expenditures, with comparisons to the current and previous fiscal years;
 - 3. A complete draft of the proposed appropriation ordinance and tax-levying ordinance.

The attached 2026 Budget complies with these requirements and includes all mandated schedules, along with supplemental schedules designed to assist you in your review.

This budget meets the operational needs of the City while enhancing services and public safety for our residents. We continue to invest in new technologies and programs to address the evolving needs of our community. While budgeted expenditures exceed revenues, the shortfall will be covered by drawing from the unreserved/undesignated fund balance and retained earnings. These funds will support capital projects and other initiatives that lack recurring revenue streams, ensuring the continued integrity of our infrastructure.

I encourage you to thoroughly review and question the contents of this document to ensure we are responsibly planning for the City's future. I also invite you to join me in recognizing dedicated efforts of our Finance Department and other Department Directors who worked diligently to compile this fiscal information.

The following is a summary of the 2026 Budget Expenditures:

Operating Budget		
General, Forfeiture, Streets, Capital, Loss	\$ 29,210,415	
Federal Program - Section 8	2,947,897	
Federal Program - CDBG	53,075	
Utility Funds	11,130,094	
Garbage Fund	1,997,441	
Total Operating Budget		\$ 45,338,922
Debt Service Funds		549,230
Capital Outlay	2,552,625	
Federal Program - CDBG Capital Outlay Project	260,000	
Total Capital Outlay		2,812,625
Capital Projects		5,461,907
Gas Purchases		1,662,151
TOTAL 2026 BUDGET EXPENDITURES		\$ 55,824,835

2026 REVENUE PROJECTIONS

Projected revenues for the fiscal year 2026 are estimated at \$46,955,801 reflecting a 3.05% increase over the 2025 estimated revenues.

Below is a summary of key revenue sources:

- Sales Tax Collections
 - Projected to remain steady at \$19,000,000, consistent with 2025.
- Grant Revenue
 - Expected to increase to \$4,337,007 in 2026, up from \$3,553,276 in 2025.
- Charges for Services
 - Revenues from garbage, water, sewer, and gas services are projected to rise by 11.45%.
 - This includes:
 - 2.7% CPI adjustment for water, sewer and gas services
 - 5% CPI adjustment and 3% fuel adjustment factor for garbage services.

These adjustments are necessary to support debt service obligations for major utility infrastructure projects.

2026 EXPENDITURE HIGHLIGHTS

Total budgeted expenditures for 2026 exceed 2025 levels due to the following factors:

- Operating Expenses
 Projected to increase by 10.76%, driven by:
 - Insurance Increases:
 - General Liability: +15.0%
 - Fire and Property: +25.0%
 - Boiler and Machinery: +20.0%
 - Inland Marine: +20.0%
 - Health Insurance: +18.9%
 - Employee Salaries: 3% increase across all departments.
 - Retirement System Contributions (effective July 1, 2025):
 - Municipal Employees Retirement System (MERS): 3.57% decrease (from 28% to 27%)
 - Municipal Police Employees Retirement System (MPERS): 5.97% decrease (from 35.6% to 33.475%)
 - Louisiana State Employees Retirement System (LASERS) 8.69% decrease (from 40.17% to 36.68%)
 - Capital Projects

Projected to rise by 19.39%, including:

- Canal Bridge Replacement,
- Bowie Road Sidewalks,
- Engineering for La 648/Acadia Road, Tiger Drive and Canal Boulevard overlays and Audubon Pedestrian sidewalk,
- Field of Dreams and
- Bobbie Street sidewalks Phase II.

Many of these projects are supported by grants and federal programs, requiring only minimal matching funds from the City.

We continue to collaborate with other agencies to maximize the efficiency of our citizens' tax dollars. The 2026 budget includes revenue sharing funds from Lafourche Parish

Government to support recreational services. The Parish President has confirmed that this partnership will remain uninterrupted.

Additionally, we have budgeted \$132,500 in State Highway Trust Fund revenues, secured through an annual Cooperative Endeavor Agreement (CEA) with Lafourche Parish.

Thanks to the dedication of our employees, the City has become increasingly efficient despite operating with fewer resources. While I am confident in our current staffing levels and associated costs, we must remain vigilant in managing the fiscal pressures of maintaining a qualified workforce. Rising costs such as retirement contributions, major medical insurance, and other personnel-related costs will continue to challenge our budget and we must pursue sensible, cost effective strategies to sustain these benefits.

Despite economic challenges, we have taken a proactive approach to budgeting and have ensured that the General Fund remains balanced for 2026. With the continued cooperation, support and patience of the Council, I am confident that we will uphold the high standard of services and quality of life our citizens expect and deserve.

If there are any questions in regard to the proposed 2026 budget, please do not hesitate to contact me or Jessica Hebert, Finance Director.

Sincerely,

Kevin Clement

General Fund

Purpose of Fund

The General Fund is the primary operating fund for a government, used to account for general government activities not specifically designated to other funds.

This fund generally receives the greatest variety of revenue: taxes, licenses and permits, intergovernmental grants, franchise fees, fines and miscellaneous revenue sources including but not limited to interest earnings, donations, recreation and cultural activities. It finances the general operations of a government, including things like public safety (police, fire, emergency preparedness), public works, community and cultural services and general administration including executive, legislative and judicial branches. The General Fund has more flexibility on how its resources can be used.

General Fund

Special Revenue Fund

Purpose of Fund

Special Revenue Funds are used to account for and report the proceeds to specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. These funds are used to provide accountability and transparency, ensuring tax dollars are used for their intended purpose.

Special Revenue fund numbers are designated as follows:

Police Forfeiture - Fund 11

Fire Department (Tax millage) - Fund 13

Street Maintenance (Tax millage) - Fund 14

Section 8 Housing Choice Voucher Programs - Fund 17

Parish Transportation Act - Fund 18

Community Development Block Grant - Fund 31

Police Forfeiture Fund

Purpose of Fund

Police Forfeiture funds refer to assets - such as cash, vehicles, real estate or other valuables - seized from an individual(s) suspected of criminal activity. These assets undergo a legal forfeiture process, officially transferring ownership to the government, which then distributes the proceeds to law enforcement agencies. In Thibodaux, the Police Department's Narcotics Division utilizes these funds to acquire essential equipment, training and supplies, ensuring the continued operation and effectiveness of the division.

Fire Department Fund

Purpose of Fund

The City of Thibodaux's Volunteer Fire Department is supported by two separate property tax millages which are levied on property within the city. These taxes are up for voter renewal every 10 years and it helps fund the department's operations which include responding to emergencies, providing fire protection and maintaining equipment. These taxes provide funding for the fire department ensuring its ability to serve the community.

THIBOD

Street Maintenance Fund

Purpose of Fund

The City of Thibodaux's special improvement streets property tax is dedicated to funding the repair, maintenance and improvement of the city's streets, roads and alleys. Street repairs and maintenance is primarily used to keep the city's existing streets in good condition. This includes patching potholes, resurfacing roads and other necessary repairs. Street improvements are used for projects that enhance the city's street network, such as new road construction, widening existing roads and improving drainage systems. The special improvement streets tax may also support related infrastructure projects like sidewalk rehabilitation and improvements.

Parish Transportation Act Fund

Purpose of Fund

The Parish Transportation Fund Act (PTA) is a special fund established as of January 1, 1990, in the state treasury to provide funding for the maintenance, construction and repair of parish roads. The monies in the fund are disbursed to parish authorities according to the distribution formula in R.S. 48:756. Parish authorities may only expend the funds for the uses legislatively provided for under the PTA. The City of Thibodaux partners with the Lafourche Parish Government through a Cooperative Endeavor Agreement in order to provide the City's portion of the revenue funding and to offset the City's road systems maintenance costs. The City contracts with an Engineer in order to prioritize a road ranking list that is approved by the City Council. Roads with Ranking 4 and 5 can use the parish transportation funds.

THIBOD

Community Development Block Grant Fund

Purpose of Fund

Community Development Block Grants (CDBG) are federal grants administered by the U.S. Department of Housing and Urban Development (HUD) that provide funding to state and local governments for a wide range of community development activities. These grants are used to address a variety of community needs, particularly those related to affordable housing, anti-poverty programs and infrastructure development.

The City of Thibodaux is an entitlement city that receives grant funding from HUD annually to promote the development of communities by providing decent housing, a suitable living environment, and expanding economic opportunities; primarily for persons of low to moderate incomes.

THIBOD

Debt Service Funds

Debt Service

Purpose of Fund

A debt service fund is a type of government fund used to accumulate resources (usually through taxation or other sources) for the payment of principal and interest on long-term debts, typically from issuing bonds as they become due. It's essentially a dedicated account to ensure that the government has the funds to meet its debt obligations. The use of this fund is often legally mandated or required when financial resources are accumulated for future debt payments. This is separated from debt that is obtained within enterprise funds.

The City of Thibodaux currently does not have any Debt Service Funds.

Enterprise Funds

Enterprise Funds

Enterprise (Proprietary) Fund

Purpose of Fund

Enterprise funds are a type of governmental accounting fund used to account for activities that are similar to private business enterprises and are intended to be primarily self-supporting through user fees and charges rather than general tax revenue. They are designed to recover costs of providing goods or services to the public on a continuing basis. Enterprise funds are often required when an activity is financed by debt secured by pledged revenue, when laws require fees to cover costs or when pricing policies are set to recover costs.

Enterprise fund numbers are designated as follows:

Garbage Collection - Fund 15

Water - Fund 41

Gas & Sewer - Fund 43

Garbage Fund

Purpose of Fund

The Garbage fund refers to a dedicated fund within a municipality or state government specifically used for managing solid waste, including collection, transportation, disposal and recycling. These funds are established as enterprise funds to isolate revenues and expenditures related to waste management, ensuring the system is self-sustaining. The financing for waste disposal services is determined by service charges established through City ordinances along with the contracted rates set by the waste management company. These fees ensure the sustainability and efficiency of the city's garbage collection and disposal system.

Water Fund

Purpose of Fund

The water utility fund is a dedicated pool of money used to finance the operations and maintenance of a city's water system. This fund is primarily funded by customer charges for water service. Operating expenses include the costs of running the water system, including employee wages and benefits, treatment chemicals and entergy costs. Infrastructure maintenance covers the costs of repairs and replacements for pipes, pumps, tanks and treatment plants. Capital improvements is funding for larger projects like new water treatment facilities or the expansion to the water distribution system.

Gas & Sewer Fund

Purpose of Fund

The Gas & Sewer fund is the operating fund for the municipal gas and wastewater (sewer) utilities. This fund provides exclusively for the administration, operation and maintenance of the gas and sewer systems. Revenue sources include utility service and connection fees. Fund revenue is dependent on gas sales and sewer service charges.

A sewer utility fund is used to account for the revenue and expenditures related to wastewater treatment and collection services and to ensure it can function efficiently and sustainably. Revenue comes from utility service charges passed on to residents and businesses in order to pay for service they receive.

Expenditures include various sewer-related costs, including treatment, maintenance, repairs and upgrades to the infrastructure.

A gas utility fund refers to a municipal or publicly-owned utility department that manages and operates natural gas distribution services. These funds are responsible for providing reliable, safe and adequate supply of natural gas to residential, commercial and industrial customers within the service area. Revenue comes through customer charges for gas usage. Expenditures include ensuring the safe operations of the gas system and complying with relevant regulations.

Capital Projects Fund

Purpose of Fund

Capital projects funds serve the purpose of tracking and reporting financial resources that are designated—whether restricted, committed, or assigned—for capital expenditures. These funds are used for acquiring or constructing capital facilities and other assets, excluding those financed by Proprietary or Trust Funds. The financial resources supporting capital projects funds come from various sources, such as general obligation bonds, grants provided by state and federal governments, and allocations from general or special revenue funds.

Capital Projects fund number is designated as follows:

Internal Service Fund

Internal Service Fund

Internal Service Fund

Purpose of Fund

Internal Service Funds serve as proprietary funds utilized by governments to manage the costs of goods and services provided to various funds, departments, agencies, and component units within the primary government, as well as to other governmental entities. These funds operate on a cost-reimbursement basis.

Internal Service fund number is designated as follows:

Loss Fund - Fund 46

Loss Fund

Purpose of Fund

The Loss Fund is specifically responsible for risk management services, encompassing self-insurance for auto liability, general liability, police liability, and public officials' coverage. Whenever feasible, the expenses associated with these services are allocated within the relevant functional activity.

Funding for this fund primarily comes from transfers originating from the General Fund. Additionally, the City maintains a self-insured status under its General Liability policy. The self-insured retention (SIR), which establishes the threshold amount of losses before insurance coverage takes effect, should undergo an annual review to ensure appropriate financial planning.
