Update: Canal Boulevard and 7th Street Intersection Improvements

Thibodaux - Currently, the Canal Boulevard and 7th Street Intersection Improvement project is still ongoing. The completion of the project is estimated to be in 6 to 8 weeks. The contractor and the Louisiana Department of Transportation & Development determined there to be an issue during construction, which caused the delay of the project. Updates and information regarding this project will be published via press release when available.

We apologize for the inconvenience.
